

GLOBOLL™

AUTOMATIC RETRACTABLE SECURITY BOLLARDS

For areas where **changing roadway access** is a must, the GloBoll provides **safety and protection** without sacrificing pedestrian freedom of movement. As an added benefit, the modular design allows for **easy servicing and general maintenance** by one man.

SECURITY ADVANTAGES

- *Uses a hydraulic powered system to rise and retract*
- *Flush with the roadway when retracted*
- *Easy servicing & general maintenance*
- *Utilizes shallow mount technology*

GLOBOLL™

AUTOMATIC RETRACTABLE SECURITY BOLLARDS
