

United States Department of State

Washington, D.C. 20520

FEB 7 2006

Habersham Metal Products Company
P.O. Box 739
Cornelia, Georgia 30531

Attention: Mr. James Stapleton

Dear Mr. Stapleton:

Based upon your request, a Department of State (DOS) technical representative has conducted a technical review of the Habersham Metal Products Model HMPC-FEBR-60PR opaque door. This design is based on the active leaf of the Habersham DOS-certified 60-minute FE/BR double door.

It has been determined that the HMPC-FEBR-60PR meets the DOS certification criteria for 60-minute forced entry and ballistic resistance. Under the provisions of SD-STD-01.01, Revision G (Amended), *Certification Standard, Forced Entry and Ballistic Resistance of Structural Systems*, the opaque door has been certified with a DOS code of 2133 and the DOS model number of GDO-60R-HMP-01.

The GDO-60R-HMP-01 will be placed on the DOS list of certified equipment, which is available for use by architects and planners. Please refer to the DOS model number in all correspondence with DOS. Your product still has to compete with other bidding manufacturers who are certified with the same classification. We cannot guarantee that your product will be chosen by the architects that design the facilities.

Thank you for your interest and endeavors in protecting our personnel and facilities overseas.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "Deborah P. Glass", written over a horizontal line.

Deborah P. Glass
Director
Physical Security Division
Bureau of Diplomatic Security

Certification letter for the Habersham Metal Products Model GDO-60R-HMP-01 opaque single door.
